2.1	Cli Load	3

1 Overview

The F1 Display is a python project that

1.1 main.py

The flow of the program starts at the main function in main.py where, the rough flow is as follows:

- prints a session confirm message
- validates args
- enables cache
- loads data
- manipulates data
- displays data

2 Pre-main.py processes

2.1 Cli Load

The cli load function
